Your Evening Meal

The evening meal is usually the one that is most enjoyed, for the other two are often eaten in more or less of a hurry. At the evening meal greater attention is paid to the social feature and for this reason the table should be supplied with

FISHER BEER

It is the great table beverage, whetting the appetite, assisting the digestive organs and furnishing a mild, healthful exhilaration that sharpens the wits and quickens conversation and repartee. Fisher bottled beer is a high-grade product, clean and pure, and containing but a minimum percentage of alcohol. It is a mild, healthful, malt and hop beverage. Order up a case.

CHICAGO WANTS UTAH AT FAIR

Promoters of Coliseum Exposition Eager for Display From This State.

PLAN SOMETHING UNIQUE

CHARLES S. TINGEY EXPLAINS ADVANTAGES.

That the Land and Irrigation exposition, to be held in the Coliseum at Chicago Nov. 29 to Dec. 4, will be of great benefit to Utah is the belief of Secretary of State Charles S. Tingey, who has just returned from a ten days' trip to the east. Mr. Tingey says Utah should send a large exhibit.

A meeting of the committee recently named by Governor Spry to provide ways and means for a Utah exhibit will hold a meeting within a few days. Exposition promoters are desirous of having Utah send a large exhibit, and have reserved plenty of space. It is imperative for a meeting at once, as the promoters must have a final answer.

Beautiful scenic effects are being arranged in the Coliseum. There will be a forty-foot waterfall in one part of the hall. Miniatures of Yosemite valley and Yellowstone park will be shown. A small irrigated farm will be operated. These are but a few of the attractions.

It is believed by Mr. Tingey that Utah should illustrate by a display the vast areas awaiting cultivation with a lecturer to explain advantages to farmers and business men of the middle west.

Fruits and mineral specimens were first suggested, but now something unique is planned for the Utah exhibit to interest the man who is thinking of coming west.

It is planned to raise \$5,000 for the Utah exhibit.

INCREASED FEE FOR REGISTRY

Postoffice Department to Advance Cost of Service to Ten Cents.

An increase in the fee required for registering matter sent through the mail, from 8 to 10 cents, to take effect Nov. 1, is one of the measures adopted with a view to lessening the losses sustained in the postoffice department. A report received recently shows a deficit of \$20,000,000 last year, which is an increase of \$6,000,000 over the previous record.

A part of this loss is said to have resulted from the decreasing of the rate on mail matter to Germany and Great Britain from 5 cents for one-half ounce to 2 cents for an ounce. The postoffice department favors the system of postal banks as a means for covering a part of the loss. It is possible that a system of retrenchment may take place during the coming year in the rural route department, and that certain of the franking privileges may be cut out.

During the year ending June 30, 94,547 pieces of registered mail matter were sent out through the local office, and the increasing of the registry rate will add nearly \$2,000 a year to the income of the local office.

TELLS NEW STORY ON OLD BABBIT MANSION

G. G. R. Sanjovanni of 165 Mead street, after reading a recent article about the razing of the old Babbit mansion, told an interesting incident in connection with that historic residence. He said:

"I remember the Babbit mansion well. Governor Cummings and wife, who arrived with Johnson's army, made it their home. They had lived there only a day or two when the gov-

MORE TROUBLE FOR AMERICANS

Fight for Head of Ticket Spreads Dissatisfaction Through Ranks of Party.

CHANGES IN SECOND WARD

OPPOSITION ON WEST SIDE GAINING STRENGTH DAILY.

The principal branch of the big fight between the members of the American party that has extended into every precinct organization, now appears to be in the Second ward. A few weeks ago there were indications that the Americans had a chance to carry the ward. Recently, however, there has been so much bitterness engendered in the American ranks that there is now every assurance that the Americans will be defeated in the coming election in this ward more decisively than they were beaten in the general election last fall and in the school election a little later. Even the Americans are admitting that their chances for retaining the councilmanic representation in this ward are growing less each day.

In this ward there are five candidates for the American councilmanic nomination. Councilman E. G. O'Donnell, who is seeking the renomination, is a strong adherent of Mayor Bransford. The ward is conceded to be overwhelmingly for Lippman, so that there is small chance of O'Donnell's renomination. W. A. Pickering and E. D. Burlingame, who are also candidates for the councilmanic nominations, are strong Lippman workers. Councilman Raybould and Captain C. H. Reed, the other two candidates, are neutral.

This fight is by no means a friendly one, and the dissension, no matter which candidates may be selected, is sure to be carried to the polls.

The Lippman forces are claiming the entire Second ward delegation to the American convention, while the Bransford people hold that they will get at least one-fifth of the delegation. Mayor Bransford established the infamous stockade in the Second ward, placing a stigma on this part of the city that will take a long time to remove. The opposition to the mayor in this ward will result in a bolting of the ticket by a large number of Lippman supporters in case Mayor Bransford is nominated. A majority of the people of the ward do not place the blame for the establishment of the criminal quarter in this ward on Bransford, but on the American party. They recognize the splendid work of the Republican county officials in cleaning up the district and putting the stockade out of existence. The result is that many people of the ward, formerly staunch Americans, will desert that party and support the Republican ticket.

RAFT RIVER CO. ASKS PERMANENT INJUNCTION

In the United States court Tuesday morning a supplemental bill of complaint was filed by the Raft River Land & Livestock company against John Lind and forty-three other defendants. The bill alleges that it is necessary to divert water from the Raft river between April 1 and Nov. 1 each year, and it is said that certain of those against whom the complaint is brought have interfered with the flow of water from the river.

The supplemental bill asks that the rights of the land and livestock company be declared the primary rights and that a permanent injunction may issue to prevent the diversion of the water.

If you are going to buy property—a lot or a home—make the classified ads your "first concern," and you'll find you have not gone wrong.

mor, getting up early one morning saw a huge golden eagle perched on the comb of the roof. Apparently the bird regarded the property as his own, for he did not leave until several days afterward. Governor Cummings was very fond of his pet, pointing the eagle out to all his friends.

Three Nickels and One Nickel

When you buy a standard soap do you insist on paying fifteen cents when you can get as good for five cents?

Certainly not.

It is common sense to economize on necessities—to get three nickels' worth of value for one nickel when you are sure you can get it.

The women's magazine is no longer a luxury—it is one of the household necessities.

Is it economy to pay three nickels for this necessity when it can be had for one?

One five cent piece will put THE LADIES' WORLD on your reading table tonight.

Lay it beside one of the higher priced magazines and read the two from cover to cover.

Parallel department with department—fashions, dressmaking, table, house furnishings, domestic economy.

Compare the fiction—short stories and serials—the names of the writers of fiction and special articles.

Then ask yourself if you are not getting three nickels' worth for one—if the true economy is not in having THE LADIES' WORLD constantly in your home.

The October issue is on your news-stand today. Buy a copy now.

Its price is universal—five cents—three nickels' worth for one. A year for a half dollar to your news man or the publisher.

The October number is full of the spirit and vim of Autumn.

REMEMBER: You can't keep house without
